

Clydebank Community Outreach Programmes

West College Scotland in Partnership with Local Authority CLD Adult Learning Provision

Our College Community courses are tailored and designed for delivery within the community, with flexible day/twilight or evening class provision, as well as short taster sessions 4 to 6 weeks

The selections shown below, are just some of the many courses that could be offered within your area, to meet the needs of local residents and where there is sufficient interest to run a class and set up a community learning suitable for all ages

Whether you want to improve your knowledge in areas that are of personal interest to you, for employment or upskilling for promotional opportunities, we are here to help in partnership with the Local Authority CLD Team

Don't see what you are looking for? Give us a call

Our classes are informal, delivered either in available community-based venues within the local regions, on campus or online, with friendly tutors who will take you through your study, with support from Adult Learning Teams/College, where required

You have nothing to lose and everything to gain, by learning in a friendly and fun environment, so come and join us as your input and interest shown, will determine the provision within your area

Please email us direct if you are interested in any of the courses listed below or would like further information
