|-------------------------|-----------------------------------------------|
| Title of Paper | Strategic Plan 2026-2030 (DRAFT) |
| Presented by: | Anne Campbell, Principal |
| Recommendation: | Discuss, Approve and Recommend to Board. |
| Status: | RESTRICTED until approved |
| Linked To: | |
| KPI(s) | All |
| Strategic Themes | All; People, Place, Performance, Partnerships |
| Strategic Risk | All |

Purpose / Executive Summary:

To provide all Committees and Board with a draft of the proposed new Strategic Plan for 2026-2030 which sets out the vision, mission, values and strategic themes and objectives that will ensure a sustainable future in which our students, staff and the communities that we serve can all thrive.

Recommendations:

All Committees are being asked to review and discuss the draft Strategic Plan and provide any comment or feedback, and any additional areas that should be considered for inclusion.

The final Strategic Plan will be submitted to the Board meeting on 15 December 2025 for final approval.

Implications:

| | |
|------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Financial | Consideration of all implications will be considered within the parameters of the underpinning operational frameworks and other subsidiary documents developed under this over-arching Strategic Plan for the organisation. |
| Student Experience | |
| People | |
| Legal | |
| Reputational | |
| Community/ Partnership impact | |
| Environment | |
| Equalities | |

| | |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Title of Paper | Learning, Teaching and Student Experience (LTSE) Strategy |
| Presented by: | Angela Pignatelli, Vice Principal Educational Leadership |
| Recommendation: | Discuss and Approve |
| Status: | RESTRICTED |
| Linked To: | |
| KPI(s) | Performance Objectives are clearly framed against all aspects of the student experience. |
| Strategic Objective | All: Students, Sustainability, Partnerships, People and Future |
| Strategic Risk | Failure to reinvent our LTSE Strategy to meet changing societal requirements in a sustainable manner could lead to missed opportunities or reputational damage. |

Purpose / Executive Summary:

To provide a new Learning, Teaching and Student Experience (LTSE) Strategy which aligns to current, and emergent, labour market intelligence, regarding skills pipelines; meets the needs of The Changing Learner; and aligns robustly with the expectations of the new Tertiary Quality Enhancement Framework (TQEF).

Members are recommended to:

- Consider and discuss** the strategic content and the approach being taken to futureproof our learning, teaching and student experience approach to meet the needs of the 21st Century.
- Consider and discuss** the implications of the curriculum change required and staff support in upskilling and retraining required.
- Provide** strategic direction on any additional areas that should be considered for inclusion.

| Implications: | |
|------------------------------------------|--------------------------------------------------------------------------------|
| Financial | There are financial implications associated with this paper. |
| Student Experience | There are student experience implications directly associated with this paper. |
| People | There are human resource implications associated with this paper. |
| Legal | There are no legal implications associated with this paper. |
| Reputational | There are reputational implications associated with this paper. |
| Community/ Partnership impact | There are community implications associated with this paper. |
| Environment | There are no environmental implications associated with this paper. |
| Equalities | There are no equality implications associated with this paper. |

| | |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Title of Paper | Employer Engagement Strategy (EES) |
| Presented by: | Jim McAllister, Assistant Principal Enterprise and Skills |
| Recommendation: | Discuss and Approve |
| Status: | RESTRICTED |
| Linked To: | |
| KPI(s) | Performance Measures are clearly framed against all aspects of employer activity. |
| Strategic Objective | All: Students, Sustainability, Partnerships, People and Future |
| Strategic Risk | Failure to establish our EES Strategy to meet rapidly changing regional requirements could lead to an unsupported vision and result in reputational damage. |

Purpose / Executive Summary:

To provide a new Employer Engagement Strategy which supports enabling of the college overall vision. By exploring, understanding and connecting with our partners to meet their needs flexibly as they wish. Reshaping how we do this in a quality driven way whilst ensuring WCS is truly industry focused and the choice partner in our region.

Members are recommended to:

- Consider and discuss** the strategic content and the approaches taken to expand collaborations and connections, meet expectations and be flexible to needs of our partners and our futures together.
- Provide** strategic direction on any additional areas that should be considered for inclusion.

| Implications: | |
|------------------------------------------|--------------------------------------------------------------------------------|
| Financial | There are financial implications associated with this paper. |
| Student Experience | There are student experience implications directly associated with this paper. |
| People | There are human resource implications associated with this paper. |
| Legal | There are no legal implications associated with this paper. |
| Reputational | There are reputational implications associated with this paper. |
| Community/ Partnership impact | There are community implications associated with this paper. |
| Environment | There are no environmental implications associated with this paper. |
| Equalities | There are no equality implications associated with this paper. |

| | |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Title of Paper | Complaints Handling Report August 2024-July 2025 |
| Presented by: | Wendy Sheridan-Price Assistant Principal: Quality & Enhancement |
| Recommendation: | Note/discuss |
| Status: | PUBLIC |
| Linked To: | |
| KPI(s) | Complaints measures/ Scottish Public Services Ombudsman (SPSO) Compliance Quality Assurance Monitoring Please note: SPSO Statement of Complaints Handling Principles attached dated 1 st September 2025 |
| Strategic Objective | All: Students, Sustainability, Partners, People and Future |
| Strategic Risk | Reputational risk – Potential financial claims |

Purpose / Executive Summary:

This report provides the Board with an overview of complaints received and handled by the College during session 2024–25. It outlines complaint volumes, outcomes, performance against SPSO timescales, themes emerging from complaint categories, and actions taken to support continuous improvement. The report demonstrates the College’s commitment to transparent practice and to using complaints as a driver for service enhancement.

Recommendations:

For noting and the Committee is invited to request clarification on the content.

| Implications: | |
|--------------------------------------|-----------------------------------------------------------------------------------------------------|
| Financial | There are no direct financial implications associated with this paper. |
| Student Experience | To enhance student experience |
| People | There are no human resource implications associated with this paper. |
| Legal | There are no legal implications associated with this paper. |
| Reputational | Potential reputational damage: Please Note, Complaints now sits within Audit & Risk Committee (ARC) |
| Community/ Partnership impact | There are no community implications associated with this paper. |
| Environment | There are no environmental implications associated with this paper. |
| Equalities | There are no equality implications associated with this paper. |

Introduction

The College remains committed to an open, fair, and transparent complaints handling process, aligned to SPSO guidelines and national sector categorisation through the College Complaints Handling Advisory Group (CHAG). Complaints are viewed as an opportunity to improve the learner experience, address stakeholder concerns, and refine operational practices. This report provides an overview of complaint volumes, outcomes, timelines, and improvement actions undertaken during session 2024–25.

High Level Findings

Volume and Stage of Complaints

- Total complaints reduced from Previous year **129 to 97**
- Stage 1 complaints increased from **39 to 54**
- Stage 2 complaints reduced significantly from **90 to 43**

This shift suggests stronger early resolution and improved front-line handling.

Categories of Complaints

- Staff Conduct was the most commonly raised issue (26 complaints)
- Other key categories included Course Management (16) and Assessment and Exams / Certification (10)

Who Raised Complaints

- Current students accounted for most complaints (62)
- Increase in complaints from Parents/Carers (15) indicates continued accessibility of the complaints process

Performance and Timeliness

- Stage 1 responses averaged **2.5 working days**, within the SPSO target of 5 days
- Stage 2 responses averaged **13 working days**, within the SPSO target of 20 days
- Only **7** Stage 2 cases extended beyond 20 days, a significant improvement from **23** the previous year

Outcomes

- At Stage 2, **15 complaints were upheld, 6 partially upheld, and 19 not upheld**
- The “Resolved” outcome was used where it provided a better reflection of the outcome through communication or clarification rather than formal judgement

SPSO Referrals

- Three complaints were referred to the SPSO
- SPSO confirmed that all matters were handled appropriately and required no further action

Outcomes and Impact

- Improved Stage 2 resolution timelines reflect better internal coordination and tracking.
- Staff and student awareness of the complaint’s procedure continues to strengthen, evidenced by increased early-stage resolution.

- Remedial actions from complaints led to improved communication practices and clearer internal processes in admissions and service interactions.
- The continued trend of staff conduct related complaints highlights a need to reinforce expectations regarding service culture and communication.

Action Planning

- Reinforce the expectation that complaints are directed through approved complaints handlers to ensure consistency of response.
- Continue to improve Stage 2 resolution timelines, particularly for complex complaints.
- Ensure all investigating managers undertake required training before conducting complaint investigations.
- Deliver College-wide training on complaints handling to strengthen confidence and consistency.
- Finalise and roll out new guidance documents for: Staff involved in complaint investigations (External & Internal workflow)
- General staff responsibilities in responding to complaints.
- Sharing lessons learned.

Annual Complaints Handling Report

(August 2024–July 2025)

Report Publication Date:
Autumn 2025

WEST COLLEGE
SCOTLAND 

Context

The College operates its complaints handling procedures in accordance with the procedure for public bodies administered by the [Scottish Public Sector Ombudsman](#) (SPSO). The college regards “expressions of dissatisfaction” as opportunities to review and amend our practices and recognise complaints as key elements of learner, and other stakeholder, feedback. This report is a summary of the complaints received, and actions taken for the academic session 2024-2025. Stage 1 refers to routine complaints usually dealt with and resolved within 5 working days. Stage 2 complaints are more complex and often require a degree of investigation to reach a resolution, with a target maximum closure date of 20 working days.

Performance Indicator 1: Total Number of Complaints received at Stages 1 & 2

| Complainants | 2021-2022 | 2022-23 | 2023-2024 | 2024-25 |
|----------------|-----------|---------|-----------|---------|
| Stage 1 | 34 | 24 | 39 | 54 |
| Stage 2 | 47 | 77 | 90 | 43 |
| Total | 81 | 101 | 129 | 97 |

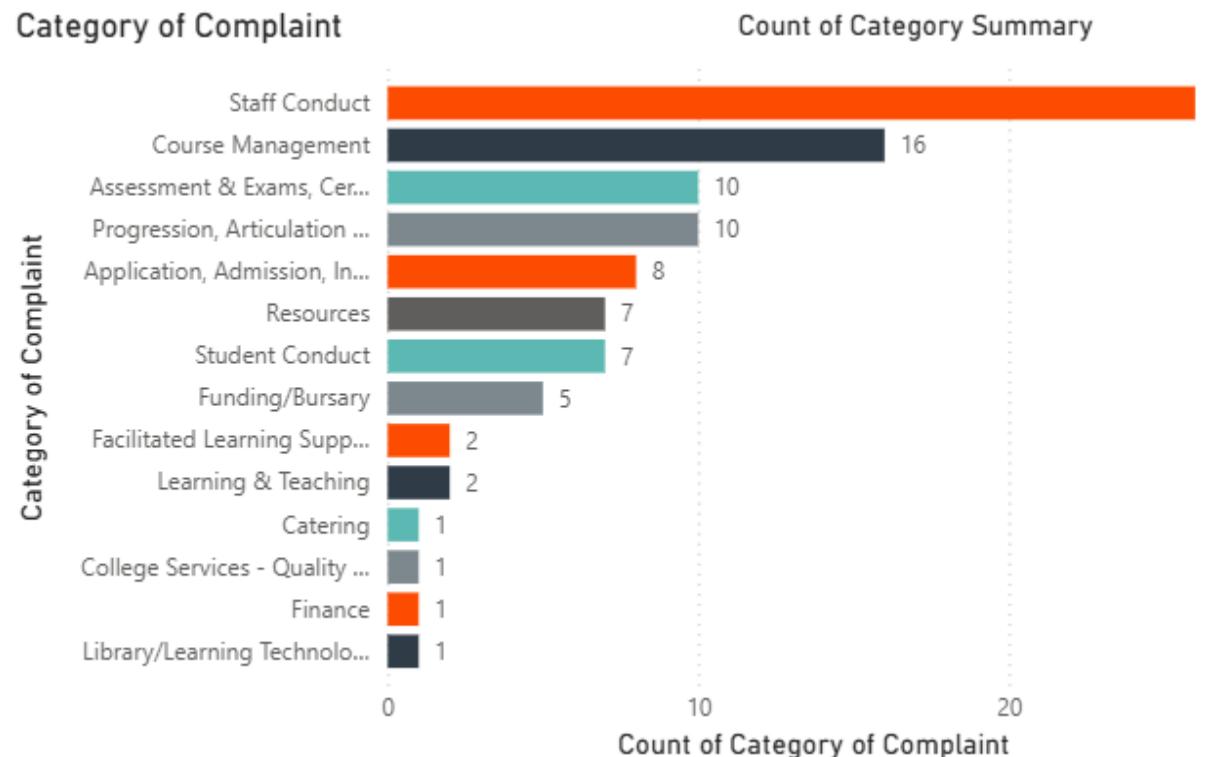

What do our stakeholders complain about?

Complaints are categorised in line with a national college sector agreement with the College Complaints Handling Advisory Group (CHAG) and the SPSO.

Our data highlights that most complaints received in 2024–25 were allocated under Staff Conduct (26). This continues the upward trend seen in previous sessions (Session 22–23 = 24, Session 21–22 = 30). The next most common categories were Course Management (16), Assessment & Exams / Certification (10), and Progression / Articulation (10).

Complaints about Staff Conduct varied in context but generally related to how stakeholders perceived they were treated by staff. Any staff member mentioned in a complaint is notified and offered appropriate support.

Performance Indicator 2: The number and percentage of complaints at each stage that were closed in full within the set timescales of five and 20 working days

| | | |
|---------------------------------------|----|-----|
| Stage 1 closed within 5 working days | 54 | 56% |
| Stage 2 closed within 20 working days | 36 | 37% |
| Stage 2 closed after 20 working days | 7 | 7% |

Performance Indicator 3: The average time in working days for a full response to complaints at each stage

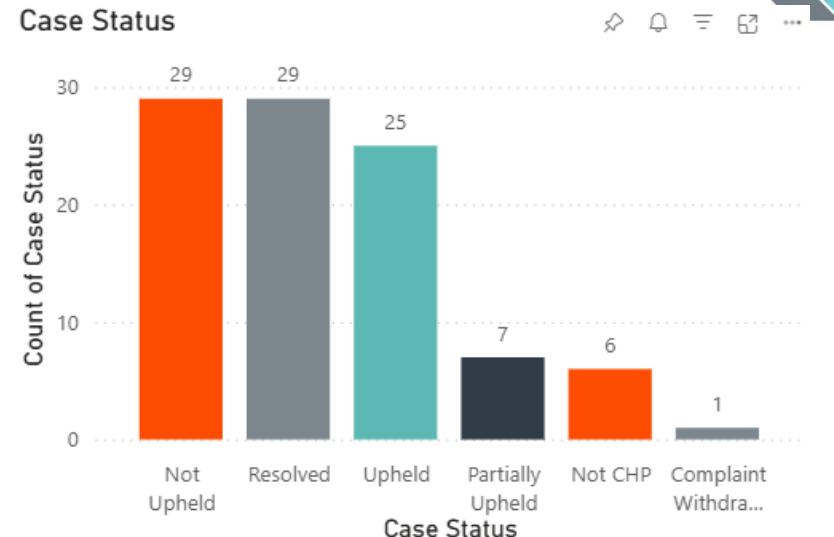

| | WCS timeline | SPSO timeline |
|---------------------------------|--------------|---------------|
| Stage 1 | 2.5 days | 5 days |
| Stage 2 | 13 days | 20 days |
| Stage 2 (after 20 working days) | 31 days | NA |

Performance Indicator 4: The Outcome of Complaints at each Stage

| Complaint Outcome | Number of Stage 1 Complaints | Number of Stage 2 Complaints |
|-------------------|------------------------------|------------------------------|
| Upheld | 10 | 15 |
| Partially Upheld | 1 | 6 |
| Not Upheld | 10 | 19 |
| Resolved | 26 | 3 |
| Not CHP | 6 | 0 |

Complaints are determined in one of three categories. They can be **upheld, not upheld, or resolved**. The resolved category is used in those situations where that response is considered more appropriate.

| Complaints By Stage | 2022-23 | 2023-24 | 2024-2025 |
|----------------------------|---------|---------|-----------|
| Total received | 101 | 129 | 97 |
| Met by Stage 1 (5 days) | 24 | 38 | 54 |
| Met by Stage 2 (20 days) | 38 | 68 | 36 |
| Outwith SPSO Set Timelines | 39 | 23 | 7 |

Trends - We are making positive progress towards meeting SPSO timelines for closing off Stage 2 complaints mainly due to more efficient practices internally in following up complaints which have escalated to Stage 2.

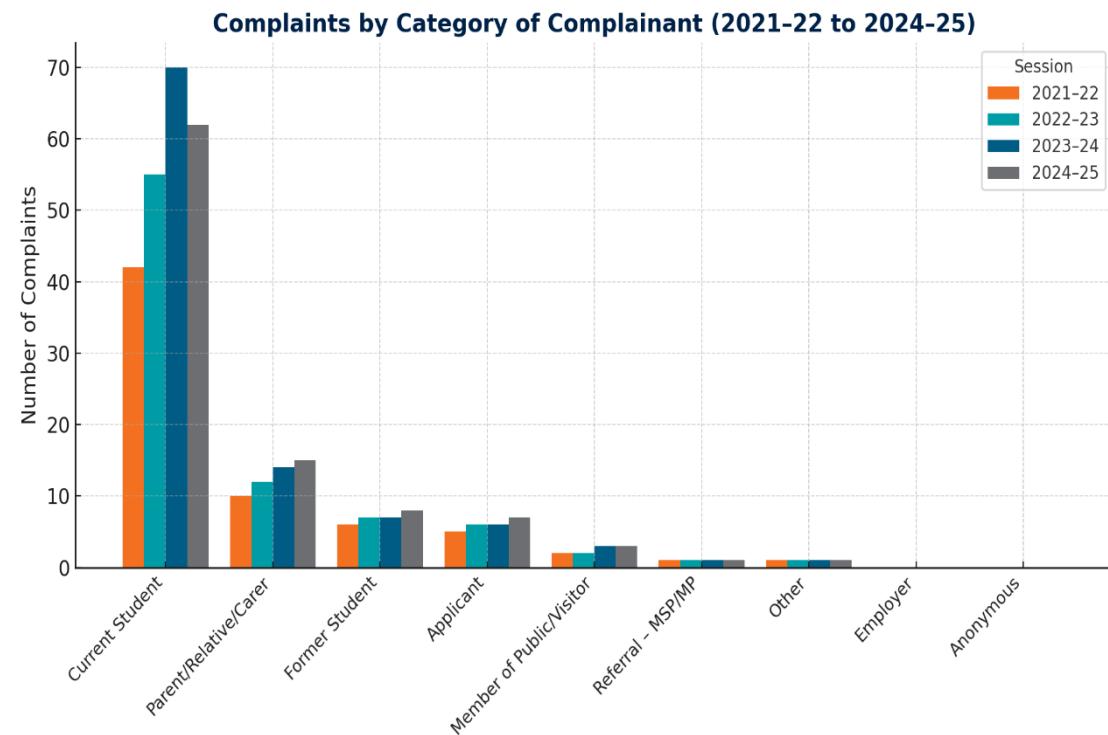

Who Complains?

Similar to previous years, most complaints in 2024–25 were submitted by current students (62), continuing the clear trend seen across recent sessions. This represents an increase of nearly 50% since Session 2021–22, highlighting a growing willingness among students to raise concerns and engage with the complaints process.

Other complainant categories included Parents/Relatives/Carers (15), Former Students (8), Applicants (7), and smaller numbers from Members of the Public/Visitors (3), Referrals from MSPs/MPs (1), and Other sources (1).

Overall, the distribution of complainant categories has remained consistent with previous years, with only a slight rise in complaints from Parents/Relatives/Carers, suggesting continued awareness and accessibility of the complaints process across all stakeholder groups.

Areas for continued improvement

- Reminder to all staff that complaints offer an opportunity to improve our services and should be directed through the college complaints handlers
- Improve timelines for resolving complex complaints
- Ensure all investigating managers have undertaken appropriate training for the role
- Training for all staff on complaints
- Guidance documents to be drafted on
 - o Complaints Handling Guidance and Support for Staff
 - o Guidance for Complaints Handlers

SPSO Referrals

The college had three complaints referred to the SPSO during session 2024-2025. The outcome of this referral was positive with no further action to be taken. SPSO determined that the College's response indicated that the matters had been handled appropriately and had followed our internal procedures.

Lessons Learned from Complaints

The College uses complaints to improve the quality of our service users' experience. Here are some examples of remedial actions taken because a complaint was raised.

| Category of complaint | Main substance of the complaint | Remedial action taken |
|----------------------------------------------------------------|---------------------------------------|-----------------------------------------------------------------------------------------------|
| Staff Conduct | Customer care | Guidance given to staff on how to deal with students when payment for services cannot be made |
| Application, Admission, Interview, Enrolment, Induction | Applications, admission and enrolment | Complaints should be sent to the Quality Department as soon as they are received. |

| College | Survey response and satisfaction rates with overall college experience 2024-2025 | | | | | | | |
|--------------------------------------|----------------------------------------------------------------------------------|-------------------|---------------|-------------------|---------------|-------------------|---------------|-------------------|
| | FE Full-Time | | HE Full-Time | | FE Part-Time | | HE Part-Time | |

Scottish Funding Council

Student Satisfaction and Engagement Survey (SSES)

Summary Return for 2024-25

Notes:

1. Please complete all fields highlighted white.
2. Include students with a "current" and appropriate group mode status at your college, at the point of survey, in the Sample Number box.
3. The Survey Response % is calculated from Question 1 Total Responses divided by Survey Sample Number.
4. The completed template should be returned as an Excel attachment, no later than Friday 06 June : datareturns@sfc.ac.uk

Student Satisfaction and Engagement Survey – Spring 2025

Here is a **summary of the key themes and feedback** drawn from the extensive student comments:

Positive Feedback

- **High Praise for Lecturers:** Many students commended individual lecturers for being supportive, passionate, engaging, and instrumental in boosting student confidence and success.
- **Valuable Learning Experience:** Some students highlighted a strong sense of achievement, including courses like Higher English, Childhood Practice, Business, and Engineering. As the survey is anonymous, the departments above are those mentioned specifically in the comments.
- **Supportive Environment for Some:** A few students, particularly mature or returning learners, felt welcomed and supported in their learning journey.
- **Flexible Online Learning:** Several students appreciated the flexibility of online or hybrid classes, especially for those with work or caregiving responsibilities.

Areas for Improvement

- **Inconsistent Teaching Quality:** Several comments flagged lecturers who were absent, disorganized, or showed favouritism.
- **Lack of Feedback & Delayed Marking:** Many students reported delayed assignment feedback, poor communication, or vague grading, impacting their ability to improve and progress.
- **Course Structure & Communication Issues:** Some students felt the course expectations were not clearly outlined from the start, leading to stress and confusion later.
- **Facilities & Campus Concerns:**
 - **Canteen:** Repeated complaints about it being closed, overpriced vending machines, and no alternatives like microwaves.
 - **Parking and Buildings:** Complaints about potholes in car park, dirty toilets, and poor classroom environments.

- **Mental Health and Inclusion:** Multiple reports of students feeling unsupported, isolated, or discriminated against, with some suggesting more consistent help for neurodiverse or ESOL learners.
- **Student Association:** Widely seen as invisible or ineffective, with many unaware of its existence or role.
- **Class Dynamics & Behaviour:** Concerns about classroom disruptions, bullying by class reps, and inappropriate behaviour from some staff and students.

Suggestions Made

- Improve teaching consistency and ensure all lecturers are engaging and present.
- Provide timely and constructive feedback on assignments.
- Improve campus facilities, especially dining options and cleanliness.
- Ensure equal treatment of all students, especially those from minority or vulnerable groups.
- Enhance communication and planning, particularly for timetables, assignments, and start dates.
- Revamp Student Association engagement and representation.
- Include more practical, hands-on learning and modernize teaching methods.
- Offer more support for mental health, ESOL learners, and students with additional needs.

| Title of Paper | Quality Report: Tertiary Quality Enhancement Framework (TQEF)/Tertiary Quality Enhancement Review (TQER) |
| Presented by: | Wendy Sheridan-Price Assistant Principal: Quality & Enhancement |
| Recommendation: | Note/Discuss |
| Status: | PUBLIC |
| Linked To: | |
| KPI(s) | Scope of provision SCQF level measures |
| Strategic Objective | All: Students, Sustainability, Partners, People and Future |
| Strategic Risk | None |

Purpose/Executive Summary:

The purpose of this document is to outline the key arrangements and focus areas for the 2026 Tertiary Quality Enhancement Review (TQER) of West College Scotland. The review will provide external assurance of the quality of the College's credit-bearing provision and evaluate the effectiveness of learning, teaching, and the overall learner experience. It will also support the College in identifying strengths and opportunities for enhancement. The scope of the review includes provision from SCQF Levels 2–10 across all campuses, with particular attention to work-based learning and employer partnerships. Early self-evaluation highlights strong curriculum responsiveness and meta-skills development, alongside identified enhancement priorities in learning and teaching practice, performance consistency, and student engagement. The review process and timeline provide a structured opportunity for reflection, validation, and continuous improvement.

Recommendations:

For noting and the Committee is invited to request clarification on the content.

| Reputational | There is no reputational implications associated with this paper. |
| Community/Partnership impact | There are no community implications associated with this paper. |
| Environment | There are no environmental implications associated with this paper. |
| Equalities | There are no equality implications associated with this paper. |

Introduction

This document provides an overview of the planned Tertiary Quality Enhancement Review (TQER) for West College Scotland in 2026. The review is part of the national quality arrangements for Scotland's tertiary education system and is designed to provide independent assurance of the quality of learning, teaching, and learner experience across the College's credit-bearing provision. It also aims to support continuous improvement by highlighting strengths and identifying areas for further enhancement. The College has engaged with the preparatory stages of the review process and has provided institutional information to help shape the scope, focus, and review team composition. The findings and preparation activities outlined will guide the College's next steps as it moves toward the initial and main review visits.

High Level Findings (TQER)

The Tertiary Quality Enhancement Review (TQER) for West College Scotland will take place across two on-campus review phases in March and May 2026, covering all credit-bearing provision delivered at SCQF Levels 2–10, including Modern Apprenticeships, Foundation Apprenticeships, SVQs, and school–college partnership programmes. Non-accredited and franchise provision is out of scope. The review team will consist of five reviewers, including a student representative and at least one reviewer with teaching experience. The College has requested that the team include a reviewer with experience of Modern Apprenticeships, reflecting the continued strategic importance of employer-linked vocational pathways.

The College delivers to a large and diverse learner population of approximately 21,000 students across four campuses and community learning sites. The institutional self-evaluation highlights strong employer partnerships, an agile and responsive curriculum, and a growing emphasis on meta-skills development as current strengths. Key challenges include variability in performance indicators across some curriculum areas and the need to further strengthen learning and teaching practice and student engagement, including the role and influence of the Students' Association.

The College is an SCQF Credit Rating Body, and credit-rated programmes will be reviewed to ensure they continue to meet SCQF quality and governance requirements. Evidence submission and reporting milestones are scheduled through January to October 2026, with the final action plan due in October. The review will provide an opportunity to reflect progress, validate strengths, and support targeted enhancement in priority areas.

Please see Key Milestones;

| Other key milestones | |
|----------------------------------------|-----------------------------------|
| Upload of evidence base | Monday 19 January 2026 |
| Initial Review Visit | Monday 20 - Tuesday 31 March 2026 |
| Main Review Visit | Monday 11- Thursday 14 May 2026 |
| Provisional Key Outcomes letter | Thursday 28 May 2026 |
| Receipt of draft report | Thursday 25 June 2026 |
| Comments on matters of fact | Thursday 16 July 2026 |
| Publication of report | Thursday 06 August 2026 |
| Response to report (draft action plan) | Thursday 01 October |
| Response to report (final action plan) | Thursday 29 October 2026 |

The proposed Review team is as follows:

| Name | Institution | Role |
|-------------------|----------------------------------|------------------|
| Dr Robert Allan | New College Lanarkshire | Reviewer |
| Dr David Booth | University of Dundee | Reviewer |
| Dr Claire Carney | Formerly City of Glasgow College | Reviewer |
| Mrs Amber Crowley | UHI Argyll | Reviewer |
| Finn McGauley | Glasgow Kelvin College | Student Reviewer |

| | |
|----------------------------|---------------------------------------------------------------------------------|
| Title of Paper | Outcomes Framework & Assurance Model (OFAM) & Professional Learning |
| Presented by: | Wendy Sheridan-Price Assistant Principal: Quality & Enhancement |
| Recommendation: | Note/Discussion |
| Status: | PUBLIC |
| Linked To: | |
| KPI(s) | CPD Staff participation professional measures, SFC Outcomes and Impact measures |
| Strategic Objective | All: Students, Sustainability, Partners, People and Future |
| Strategic Risk | Reputational |

Purpose / Executive Summary:

OF & AM - This guidance outlines how the Scottish Funding Council (SFC) will monitor colleges and universities' delivery against the national Outcomes Framework through the Outcomes Framework and Assurance Model (OFAM). The model replaces previous Outcome Agreements and provides a streamlined, evidence-based approach to accountability. It ensures that institutional performance, context and challenges are understood through ongoing engagement and the use of existing data sources. Institutions are required to participate in regular meetings with their Outcome Manager, provide case studies demonstrating impact, and complete an end-of-year shared summary of performance. The Assurance Model supports transparency, identifies where support may be required, and provides a clear framework for demonstrating sector contribution to national priorities.

Recommendations:

Committee is invited to note and discuss

| | |
|------------------------------------------|------------------------------------------------------------------------|
| Implications: | |
| Financial | There are no direct financial implications associated with this paper. |
| Student Experience | To enhance student experience |

Introduction/Update position OF&AM

- SFC gathers evidence of each institution's contributions, impact and delivery against its Outcomes Framework, through the Assurance Model. This guidance sets out how SFC will monitor and engage with each college, college region and university as part of the SFC Assurance Model.
 - This guidance also sets out the requirements for end-of-year sign-off, optional contextual commentary, and case studies that form part of the assurance over delivery of the Outcomes Framework.

[Outcomes Framework & Assurance Model Guidance Issued 30/10/2025](#)

2025-26 College Technical Guidance on Measures used in OFAM

Introduction/Update position Professional Learning

- Innovation Hub CQL interviews underway at the time of writing: intention of this Hub to drive Innovation in Practices and Quality Standards & Communities of Practice (CoP)
- CDN Trauma Informed journey started with Dr Paula Christie October CQL Development Session. Pedagogy is next with CDN in February CQL Development Session with Sandra Jane Grier (In response to "The Changing Learner")
- CDN's 'Elevate LT' programme offers a practical and evidence-based professional learning solution to embedding transformative pedagogies and instructional techniques, supported by innovative digital tools, including AI-enhanced resources, to enhance the impact of learning and teaching practice. In partnership with TeachingHOW2s. Numbers of participants 10. Staff feedback so far is positive, value from HOW2 pedagogical tools.
- Teaching Qualification in Further Education (TQFE) is the in-service teaching qualification for our lecturers in WCS - Aberdeen University Co - tutor appointments have increased. 21 staff undertaking TQFE this year, two are self-funding on the University of Strathclyde programme. 29 staff meet the TQFE requirements on the waiting list for 2026/27.
- identified need for verifiers and plans
- Credit rating activity underway. New Update - TQER will be the mechanism through which credit rating activity for the SCQF for colleges and universities is tested, replacing existing processes. Through TQER, it will be confirmed that appropriate arrangements are in place for credit rating, vetting and confirmation processes, as well as the ongoing monitoring of credit rated provision and third parties. SCQF will subsequently confirm an institution's status to continue as a credit rating body. To that end we are looking to increase our Vetter's, providing SQA training. All processes and procedures being reviewed. Preparations underway to enable TQER - SCQF desk-based analysis planned for end of January 2026.

In Summary: A reset on quality standards, processes, and practices is essential to ensure our work remains purposeful and effective. This means not only refining the way we design and deliver our services but also investing in people so they feel confident and prepared. Equipping staff with strong pedagogical skills supports thoughtful decision-making, adaptable instruction, and a deeper understanding of how learners grow. Encouraging peer sharing and peer learning strengthens this even further, creating a culture where colleagues learn from each other, celebrate good practice, and continually improve together. This collective commitment builds consistency, raises expectations, and ensures our standards remain high.

|----------------------------|---------------------------------------------------------------------------------------------------|
| Title of Paper | Risk Register Review |
| Presented by: | Angela Pignatelli |
| Recommendation: | Discuss and agree |
| Status: | Public |
| Linked To: | |
| KPI(s) | All KPIs will be closely monitored, any causing major concern will be covered within the Register |
| Strategic Objective | All: Students, Sustainability, Partnerships, People and Future |
| Strategic Risk | All strategic risks to be identified and monitored |

Purpose / Executive Summary:

The purpose of the paper is to review the Strategic Risk Register to ensure that the Learning, Teaching and Student Experience risks are identified and that suggested mitigations/actions are appropriate.

The Committee should also consider the mitigations for the key strategic risks, in line with the agenda discussions at the Committee and recommend any amendments to be submitted for the next Risk Register update.

Recommendations:

Members of the committee are recommended to:

- Note the Strategic Risk Register
- Recommend amendments to the key strategic risks/ controls and mitigations if required

| | |
|------------------------------------------|-------------------------------------------------------------------------|
| Implications: | |
| Financial | All implications have been considered across all risks on the register. |
| Student Experience | All implications have been considered across all risks on the register. |
| People | All implications have been considered across all risks on the register. |
| Legal | All implications have been considered across all risks on the register. |
| Reputational | All implications have been considered across all risks on the register. |
| Community/ Partnership impact | All implications have been considered across all risks on the register. |
| Environment | All implications have been considered across all risks on the register. |
| Equalities | All implications have been considered across all risks on the register. |

1. Overview

- 1.1 The Strategic Risk Register was shared and discussed with the Committee on 10 September 2025.
- 1.2 The areas directly to be monitored and actioned by the Educational Leadership Team are as follows:
 - 1.2.1 Risk 8: Meeting evolving changes to regional, national and student needs
 - 1.2.2 Risk 9: Reputational Risk
 - 1.2.3 Risk 11: Alternative Income Generation
- 1.3 The work of the Student and Enterprise Leadership Team Transformation Project continues to address the above.

2. Recommendation

Committee is asked to:

- **Note** the Strategic Risk Register.
- **Recommend** amendments to the key strategic risks/ controls and mitigations if required.
